We are currently finalizing our growing operations. Below are some of the products we expect to offer for sale in the very near future. [Click here](#) to request a price quote and find out about ordering procedures.

DRIED MARIJUANA

4077 / Shiva Cross

A potent indica/sativa hybrid, perfect for mood disorders treatment and appetite stimulation.

Bubble Gum

AK-47

A strong indica developed in Amsterdam, ideal for the treatment of epilepsy and chronic pain syndromes.

Yellow Cab

One of the newer strains on the market, with an exceptionally high ratio of THC to CBD to minimize mental side-effects.

A pure sativa, effective for glaucoma and AIDS wasting syndrome.

CANNABIS RESIN

Grey Mist Crystals

Exclusive to Medical Cannabis Inc / Amigula Inc, Gray Mist is unpressed resin crystals or "kief". With over 50% THC content, this product maximizes potency while minimizing the amount of harmful tars that must be smoked for therapeutic benefit.

FERTILIZERS

Coming soon... "Pow Wow"... our proprietary cultivation formula.

A PUBLIC TRADED COMPANY - OTC: AMJL

The company was trading as APLD. The company completed a restructuring and name change to Amigula.

The company completed a reverse takeover and a reverse split.
